

AL MABROOR PROJECTS

ABOUT AL MABROOR

Al Mabroor was established in 2011 under the guidance of the late Mufti Ebrahim Desai. Al Mabroor has become a trusted name in the Shariah investment space and is dedicated to securing the financial future of the Muslim community through innovative and social impact driven investment products. With more than 8,000 partners, we specialize in agricultural investments, property projects, vehicle finance and renewable energy products. The exclusive Al Mabroor Select Buyers Club completes the value chain and allows investors to purchase luxury halaal products derived from their investments.

Embark on a comprehensive agricultural journey with Al Mabroor Agri, where your investment seamlessly integrates into the entire value chain of livestock production. Our commitment spans from owning and producing to feeding and nurturing cattle and sheep herds, supplying high-quality animals to local abattoirs and esteemed retailers across South Africa. Expanding our horizons, we've ventured into the international meat export market, making strides in supplying to exclusive niches in the Middle East. Al Mabroor Agri manages a substantial cattle operation and has diversified into sheep farming, macadamia nut production and producing maize, sunflower and vegetables commercially.

The Al Mabroor property portfolio focuses on sectors such as sub-acute hospitals, student accommodation, diesel distribution depots and filling stations.

Approved by the Financial Sector Conduct Authority (FSCA), Al Mabroor remains committed to providing ethical, lucrative investment opportunities, ensuring quality and above average returns for its investors.

SHARIAH BOARD

Our Al Mabroor Agri Fund operates in strict accordance with Shariah principles, abstaining from investments in companies involved in haraam activities. To guarantee compliance with Islamic principles, a dedicated Shariah Consultancy Committee diligently oversees the Fund's operations. This Fund caters to investors seeking an investment avenue in harmony with their ethical and religious beliefs.

Our Agri investment opportunities are approved by our Shariah Consultancy Committee consisting of Mufti Shafique Jakhura, Sheikh Mohammed Carr and Moulana Bilal Jakhura. More information about the Shariah Consultancy Committee can be found on our website.

HIGHLIGHTS

FUND OBJECTIVE

Our primary goal is to offer investors dependable returns over the long term while safeguarding their investments and adeptly navigating market fluctuations. We achieve this by presenting investors with a well-balanced blend of long-term capital growth and income opportunities.

The Fund strategically allocates investments across a diverse array of alternative assets, aiming to attain appealing returns carefully balanced against risk. Our dynamic approach to asset allocation ensures a consistent risk level and the flexibility to adapt to shifting market dynamics.

INVESTOR PROFILE

Our Fund is designed to cater to selective or private investors who desire a well-balanced portfolio emphasizing long-term capital growth and income. Ideal for those with a moderate risk tolerance, the Fund offers diversification across various asset classes and markets.

Suited for individuals with a long-term investment horizon and an appetite for a diversified portfolio that adapts to evolving market conditions, this Fund may be an excellent fit.

Prospective investors are strongly encouraged to thoroughly review the Fund's Disclosure Document before making any investment decisions.
